Scripts

```
#!/bin/sh
```

```
users=( $(find /Users/* -maxdepth 0 -not -name "administrator" -not -name "Shared" |  
cut -c 8- ) )
```

```
for f in ${users[@]}
```

```
do
```

```
  cp -r /System/Library/User\ Template/English.lproj/Library/Preferences/org.videolan.vlc /  
  Users/$f/Library/Preferences/
```

```
  cp /System/Library/User\ Template/English.lproj/Library/Preferences/  
  org.videolan.vlc.plist /Users/$f/Library/Preferences/
```

```
  chown -R $f /Users/$f/Library/Preferences/org.videolan.vlc*
```

```
done
```

```
exit 0
```
