Tor Best Practices

- Run the Tor Browser in an isolated environment like TAILS.
- Do not open documents downloaded through the Tor Browser while you are online.
- Do not use torrents over Tor.
- Do not sign into websites.
- Use only HTTPS (do not use HTTP).
- Do not visit the Dark Web or visit only sites you trust.
- Change the Security Level of the Tor Browser to Safer or Safest.
- Use the latest version of the Tor Browser
